## **DETAILED ACTION**

### ***Election/Restrictions***

Applicant's election without traverse of Group I (claims 1-12) in Paper No. 14, filed 1/27/03, is acknowledged. Claims 1-66 are pending in the instant application, with claims 13-66 withdrawn from consideration as being drawn to nonelected inventions.

### ***Information Disclosure Statement***

Receipt is acknowledged of two information disclosure statements (IDS), filed on 12/10/01 and 3/3/03 as Papers No. 8 and 15, respectively. The corresponding PTO Form 1449 for each IDS has been mailed along with the instant action.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation that second nucleic acid construct comprises a constitutive promoter operably linked to second and third genes (part (b)). Claim 1 further recites that the limitation that the first protein, when produced, is capable of repressing transcription from the constitutive promoter (part (c)(i)). It is unclear how the promoter of part (b) can be considered

Art Unit: 1636

constitutive if it in fact is regulatable by another protein (e.g. a repressor capable of binding to an operator sequence operably associated with the "constitutive" promoter.

Claim 3 is vague and indefinite in that there is no clear and positive prior antecedent basis for the term "second individual promoter". It would be remedial to amend the claim to read "second inducible promoter".

Claim 9 is vague and indefinite in that the metes and bounds of the term "disposed within" are unclear. The term does not appear to be clearly defined in the instant specification and is not one commonly used in the art. It appears that the term "comprised within" would be similar in scope and would be remedial.

### *Conclusion*

No claims are allowed.
